## A. Needs Statement

### 1. Identify challenges in financial assistance services that are prohibiting you from properly serving MFIP/DWP families in your community.

Previous State guidelines allowed clients to not cooperative with employment services without facing any negative consequences. Presently employment services mandates are in place as well as negative action/sanctions. Our goal is to always actively engage the MFIP/DWP clients to achieve self-sufficiency in cooperating with employment services and their designed requirements.

### 2. Identify challenges in employment services that are prohibiting you from properly serving MFIP/DWP families in your community.

MFIP/DWP participants experience challenges in employment services finding daycare or care for there children after 5:00 pm working hours. Clients sometimes have difficulty in applying for other maintain programs, such a social security/disability.

The most common work barriers TANF recipients seem to face are a lack of education and work experience, mental and physical health challenges, securing child care, and also many are faced with caring for a child with special needs.

We realize many parents receiving public assistance face serious barriers to employment. Sometimes called the "hard to employ," these parents typically require enhanced assistance to prepare for, find, and keep jobs. Health issues and disability, substance abuse, criminal records, domestic violence, limited education, and responsibilities for disabled children all stand in the way. Most of our public assistance recipients have at least one barrier to work and many have multiple barriers and the likelihood of work seems to decline as the number of barriers increases.

CareerForce employs specialized strategies, which include various approaches to assessment, work opportunities, and enhanced supports, to help those with barriers to employment. Both employment-focused and treatment-focused strategies can have positive short-term effects, but even the most effective strategies have left a large proportion of our participants without work.

### 3. Identify the strengths in your community that you are most proud of that benefit MFIP/DWP families.

We have a coordinated effort to assist our MFIP participants: County Eligibility Worker, Career Counselor, and CareerForce MFIP Outreach Worker. This has helped MFIP participants overcome barriers to self-sufficient while also working to meet program requirements. Pennington County has the benefit of public transportation and localized employment services.

**4. What strengths and resources do you have available to address the needs of your participants?**

Please **check all** the resources available to participants in your service area and check whether the resource is available within MFIP financial or employment services "in-house" or from a partner organization (county resources with developed connections to MFIP), and/or an external community resource or both. If you lack sufficient resources in your area, check the Resource Gaps column, even if there are some resource sources. Add any "other" resources that you consider necessary.

### C. Measures

#### Performance Measures

- 1. Performance-based funding is determined by a service area's annualized Self-Support Index value. Review the information and report links in this section to see the effect of performance on funding and reporting, based on Statute 256J.626, subdivision 7.

Each year a bonus to a service area's Consolidated Fund allocation will be based on its performance on the Self-Support Index in the previous April to March year.

The **three-year Self-Support Index (S-SI)**: This measure starts with all adults receiving MFIP or DWP cash assistance in a quarter and tracks what percentage of them, three years later, are no longer receiving family cash assistance or are working an average of 30 hours a week if still receiving cash assistance. Those who left MFIP after reaching 60 counted months and those who left due to 100 percent sanction are only counted as a success if they worked an average of 30 hours per week in their last month of eligibility or if they began receiving Supplemental Security Income (SSI) after family cash assistance ended. To provide fair comparisons across service areas, DHS calculates a "Range of Expected Performance" for the S-SI that is based on local caseload characteristics and economic conditions. The service area's Self-Support Index value is whether the service area was above, within, or below its expected Range.

The S-SI and Range are annualized for the four quarters in the April through March year ending in the reporting year before the funding year. See the annualized report on the MFIP Reports page on the DHS website for 2021 <https://edocs.dhs.state.mn.us/lfs/Server/Public/DHS-4651H-ENG>. A service area with an annualized S-SI "above" its customized Range of Expected Performance for 2021 will receive a 2.5 percent bonus added to its Consolidated Fund allocation for calendar year 2022.

[Minnesota Family Investment Program 2021 Annualized Self-Support Index \(PDF\)](#)

If your service area is receiving a bonus, congratulations! Please share a success strategy here:

N/A

9996 characters remaining

If your service area performed "above" or "within," you can go to item 2.

If your service area performed "below" for two consecutive years, you will have to **negotiate a multi-year improvement plan** with the commissioner. If no improvement is shown by the end of the multiyear plan, the next year's allocation must be decreased by 2.5 percent, to remain in effect until the service area performs within or above its Range of Expected Performance.

**C. Measures** (continued)

**Racial/Ethnic Disparities**

- 2. A **racial/ethnic disparity** is defined as a one-year Self Support Index that is five or more percentage points lower for a non-white racial/ethnic group than for the white group of MFIP/DWP-eligible adults in the county or consortium. The report "The Annual Summaries for counties of the Self Support and Work Participation performance measures" <https://edocs.dhs.state.mn.us/lfserver/Public/DHS-4214AG-ENG> on the MFIP Reports page includes a list of service areas that have a racial/ethnic disparity requiring action. (If your county has a disparity but data are missing for quarters with cell size too small to report, contact [benjamin.jaques-leslie@state.mn.us](mailto:benjamin.jaques-leslie@state.mn.us) to get the unpublished counts and percentage gaps.)

## E. Collaboration and Communication with Others

1. How many employment services front-line staff are employed in your county or consortium?

How many employment services front-line staff in your county or consortium have MAXIS access?

How many managers/supervisors have MAXIS access?

2. Describe the process your service area uses to identify and resolve discrepancies between MAXIS and WF1 data in areas such as Family Stabilization Services coding, employment/hours, sanction status, etc.

The County and CareerForce staff are in continual contact through the life of a case as needed. They talk and email on a very regular basis to review progress, goals, lack of progress, etc.

Staff from both agencies meet monthly to staff cases as a group. They talk through their cases and brainstorm ideas together for those difficult cases. They also review coding and the number of months clients have received to determine if a 48 or 54 month review is needed soon. The WF1 mismatch report is also reviewed at this meeting to keep ES and EW's on track in regards to coding the case and what updates are needed.

The FSS sanction checklist is followed for all FSS cases.

Pennington County has a very good working relationship with the CareerForce staff, working together with each other and our participants in the hopes to help them attain self-sufficiency.

#### Administrative Cap Waiver

Minnesota Family Investment Program (MFIP) allows counties to request a waiver of the MFIP administrative cap (currently at 7.5%) for providing supported employment, uncompensated work or community work experience program for a major segment of the county's MFIP population. Counties that are operating such a program may request up to 15% administrative costs.

If your county is interested in applying for the waiver for the coming biennium, please complete the following four questions.

1. Describe the activity(s) you will provide.

2. Explain the reasons for the increased administrative cost.

4000 characters remaining

3. Describe the target population and number of people expected to be served.

**G. Other** (continued)**Addendum for Unpaid Work Experience Activities**

If your county is providing unpaid work experience activities for MFIP participants and you don't already have an Injury Protection Plan (IPP) in place, please click on [eDocs](#) to find any IPP forms that may be needed. Email the completed form to [tria.chang@state.mn.us](mailto:tria.chang@state.mn.us).

**Provider Choice**

Does your county:

- Have at least two employment and training services providers. Go to Section H.
- Have a CareerForce center that provides multiple employment and training services, offers multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs. Go to Section H.
- Intend to submit a financial hardship request.

G. Other (continued)

**Financial Hardship Request**

FINANCIAL HARDSHIP - Exception to Choice of Employment Service Providers Requirement

MFIP provisions require counties to make a choice of at least two employment service providers available to participants unless a workforce center is being utilized (Minnesota Statutes, section 256J.50, subdivision 8). Counties may request an exception if meeting this requirement results in a financial hardship (Minnesota Statutes, section 256J.50, subdivision 9).

A financial hardship is defined as a county's inability to provide the minimum level of service for all programs if a disproportionate amount of the MFIP consolidated fund must be used to cover the costs of purchasing employment services from two providers or the cost of contracting with a workforce center.

To request approval of a financial hardship exception from the choice of provider requirement, please provide the following information.

1. If the county had a choice of providers in calendar year 2019, describe:
  - factors that have changed which indicate a financial hardship
  - why the hardship is expected to persist in the near future and
  - the magnitude of the hardship, which makes limiting delivery of employment services the best financial option for the county.

2000 characters remaining

2. Summarize options explored by the county, including use of other partners in a workforce center or other community agencies, such as a Community Action Program or a technical college. The summary should also include:
  - major factors which prevent the county from utilizing these options and include a cost analysis of each option considered; and
  - the process used to determine the cost of other options (RFP or other county process).

2000 characters remaining

3. If the county proposes to directly deliver MFIP employment services, provide a budget and staffing plan that clearly indicates consolidated funds will not be used to supplant county funds. The description should include information about what steps will be taken to ensure that county staff have the experience and skills to deliver employment services.

2000 characters remaining

Financial Hardship requests will be reviewed by The Department of Human Services (DHS) and the Department of Employment and Economic (DEED) leadership. DHS and DEED will also review the amount budgeted by the county for employment and training during calendar year 2021 and use this amount as a guide to determine whether the amount budgeted by the county for calendar year 2022 is reasonable.

If a financial hardship is approved, DHS and DEED will closely monitor county programs to ensure outcomes are achieved and services are being delivered consistent with state law. For additional info or if you have questions please email [Pamela McCauley](mailto:Pamela.McCauley).

### H. Budget

In the budget table, indicate the amount and percentage for each item listed for the budget line items for calendar years 2022-2023.  
Also note:

- Refer to the 2022-23 Minnesota Family Investment Program (MFIP) Biennial Service Agreement (BSA) Guidelines Bulletin section, "Allowable Services under MFIP Consolidated Fund."
- Total percent must equal 100.
- MFIP administration is capped at 7.5 percent unless the county is approved for an administrative cap waiver. To apply for the administrative cap waiver, respond to the questions in Section G under Administrative Cap Waiver.
- The percentage of Employment Services DWP budget should be significantly less than, the Employment Services MFIP budget.
- Income maintenance administration is reasonable in comparison to the whole budget.
- Ensure the Emergency Assistance/Crisis Services plan is included if funds are allocated.
- If "other" is used, briefly state or describe the line item. "Other" expenditures include any costs that are not related to administering MFIP, DWP or Emergency program services or atypical costs. All services must be an allowable service under the MFIP Consolidated Fund.
- Email Brandon Riley at brandon.riley@state.mn.us, if you need assistance or have questions with the budget section.
